SANIKA GALGUNDE

+91 9270548484 | galgundesanika@gmail.com | Pune, Maharashtra **LinkedIn Github**

PROFILE

Skilled in Python, machine learning, and deep learning (RNN, LSTM, CNN, Transformers). Proficient in data preprocessing, feature engineering, and model optimization using TensorFlow, Keras, Scikit-learn. Skilled in NLP, data visualization (Power BI) and SQL.

WORK EXPERIENCE

Currently focusing on academic projects and practical data analytics and ML model implementations.

PROJECTS

Phone Resale Price Prediction | Python, Machine Learning

• Developed a predictive model to estimate resale price of mobile phones based on brand, RAM, storage, battery health, and age.
• Performed data cleaning, feature engineering, and encoding using Pandas and NumPy.
• Used algorithms like Linear Regression.
• Analyzed feature importance and optimized model accuracy using cross-validation.

Laptop Price Prediction | Python, Machine Learning

• Created a predictive model to estimate laptop prices based on specifications such as brand, processor type, RAM, storage, GPU, and screen size.
• Performed categorical encoding, feature selection, and scaling.

Student Performance Data Analysis | Excel

• Used Python (Pandas, NumPy, Matplotlib, Seaborn) for data cleaning, analysis, and visualization.
• Wrote SQL queries to extract and manage data.
• Used Excel for reporting and quick analysis.

SKILLS

Programming Languages	: Python
Libraries & Frame works	: Pandas, Numpy, Seaborn, Matplotlib, Scikit learn, Tensorflow, Keras
Machine Learning & Deep Learning	: Linear Regression, Logistic Regression, K-Means, KNN, ANN, CNN, SVM
Natural Language Processing (NLP)	: RNN, LSTM, Text Preprocessing, Embeddings, Vectorizing
Data Visualization Tools	: Power BI, MS Excel
Database Management	: MySQL, SQL
Data Processing & Feature Engineering	: Data Cleaning, Encoding, Feature Engineering

OTHER SKILLS

- Problem Solving and Analytical Thinking
- Team Collaboration and Cross-functional Collaboration
- Critical Thinking and Data-Driven Decision Making
- Communication Skills for presenting insights and data findings

WORKING ON PROJECTS

- Movie Sentiment Analysis
- BhasiniBridge
- Crop Disease Detection

EDUCATION

Bachelor's of Engineering **9.0 SGPA**
Savitribai Phule Pune University 2028

Diploma **92.46%**
Maharashtra State Board Technical Education 2025

SSC **87.60%**
New English School,Ghoti 2022

CERTIFICATIONS

- Certificate in Python for **Data Science** – IBM SkillsBuild
- Certificate Basics of **SQL** – HackerRank
- Certificate in **Power BI** – BI0X
- Certificate in **Data Analysis** -IBM SkillsBuild
